

Whiteman Park Pottery
C/- Whiteman Park
Lord Street
WHITEMAN WA 6068

Whiteman Park Pottery has been in operation since May 1988 and is a co-operative of potters plus one glass-worker.

Whiteman Park is a National Park and a tourist attraction located 16km from central Perth.

Within the park is "The Village" and it is within this village that the Pottery Gallery/Shop is located. At the rear of the Pottery is a workshop with kiln, wheels, slab roller, extruder, work bench etc. While most members work from home, some use the facilities on site.

Each member has their own set of shelves to display their work. Vacant shelves are used for one-off pieces or special interest work such as Raku or pit fired pots.

A new "internal exhibition" is set up most months. These may be solo exhibitions, joint exhibitions by all (or some) members, or by an invited guest exhibitor.

There is an elected committee of members to run operations, with all members having a duty to perform as well as taking turns to man the shop. A monthly meeting brings members together for planning, problem solving and to meet socially for coffee and conversation.

One or two Raku firings are held each year. Raku assists in the diverse range of pieces offered to the public and contributes to keeping ideas fresh and constant. Customers frequently comment on the wide selection of work displayed. This is our challenge and what keeps us inspired and enthusiastic.

The gallery/shop is open 10-4 Tuesday to Sunday.
(Closed Mondays except during school holidays and on public holidays).
There is no charge to enter Whiteman Park or the Pottery. Entry Roads are from Lord Street or Beechboro Road.

Classes for children are held during school holidays. Adult classes are planned. For class information contact Carol 9404 6040 e: jodibrook@dodo.com.au

We do have vacancies for new members. If you are interested in joining us, we would love you to fill in an application form and submit some work for perusal. There is a joining fee, monthly rental to park management and a percentage of sales goes towards operational costs. The phone Number for the pottery is 9249 4380
